

NOUR BEN KHAIRIA

Kélibia, Tunisia | +216-26-392-943 | nour.benkairia@gmail.com | [GitHub](#)

SUMMARY

Recent Software Engineering graduate with cloud-native development and CI/CD automation experience. Demonstrated proficiency in Java, Python, and front-end technologies while deploying scalable systems and ensuring robust security. Experienced in agile collaboration and DevOps practices, with a strong focus on quality and testing. Eager to apply AI-enhanced integration strategies within dynamic, customer-focused teams.

EDUCATION

ESPRIT - Higher School of Engineering and Technology, Tunis-Ariana <i>Bachelor of Engineering, Specialization in Cloud Computing</i>	2022 - 2025
FSEGN – Faculty of Economic Sciences and Management, Nabeul <i>National Degree, Applied Computer Science – Specialization in Business Information System</i>	2019 - 2022

WORK EXPERIENCE

Thymsys <i>DevOps Intern</i> - Deployed applications to Azure AKS using Helm and ArgoCD, ensuring efficient orchestration in a cloud environment. - Applied GitOps and DevSecOps practices in containerized environments while collaborating with cross-functional teams using agile methodologies.	Jan 2026 - Jun 2025
Artibedded <i>DevOps Intern</i> - Containerized a web application using Docker to facilitate local deployment and comprehensive testing. - Constructed CI/CD pipelines with GitLab and configured Jenkins jobs to streamline software build and debugging cycles.	Jul 2024 - Aug 2024
Designet <i>Web Dev Intern</i> Developed a web platform for booking tourism destinations.	Jul 2023 - Aug 2023
Systematic <i>PFE Intern</i> Built a CRM system integrated with ERP features.	Feb 2022 - Jun 2022

ACADEMIC PROJECT, ESPRIT

CI/CD Pipeline <i>ESPRIT - Higher School of Engineering and Technology, Tunis-Ariana</i> Built a Jenkins pipeline for a Spring-Angular app with SonarQube, Nexus, Docker, and automated testing.	2022 - 2025 <i>Tunis-Ariana</i>
Cloud Deployment <i>ESPRIT - Higher School of Engineering and Technology, Tunis-Ariana</i> Deployed a club management app on private infra & Microsoft Azure.	2022 - 2025 <i>Tunis-Ariana</i>
Web-Mobile App <i>ESPRIT - Higher School of Engineering and Technology, Tunis-Ariana</i> Helped develop a cross-platform app for selling artistic products.	2022 - 2025 <i>Tunis-Ariana</i>

TECHNICAL SKILLS

- Languages:** C++, Java, JavaScript, Python, C#, PHP, SQL
- Web & Frameworks:** HTML, CSS, Spring, Angular, React, ASP.NET, Symfony
- DevOps & CI/CD:** GitHub, GitLab CI, Jenkins, SonarQube, Nexus
- Containers & Cloud:** Docker, Kubernetes, Helm, Azure, OpenStack, ArgoCD, Vault
- Monitoring:** Prometheus, Grafana
- Methodologies:** Agile, Scrum, Kanban
- Key Soft Skills:** communication, adaptability, teamwork, problem-solving
